EXHIBIT A
CONTRACT FOR STREET AND OUTDOOR LIGHTING SERVICE

THIS CONTRACT, by and between UNION ELECTRIC COMPANY, d/b/a Ameren Missouri, a Missouri corporation, its successors and assigns, hereinafter called “Company”, and the City of Ballwin, hereinafter called “Customer”;

WITNESSETH:

WHEREAS, Customer has determined that the continued lighting of the streets, alleys and other outdoor public areas is necessary for the convenience or safety of the public and should be provided by contract with Company; and

WHEREAS, Company is a public utility regulated by the Public Service Commission of the State of Missouri (hereafter “PSC”) in accordance with law;

NOW THEREFORE, Customer does hereby award to Company this contract for lighting within the territorial limits of Customer as they now exist or may hereafter be extended, and within the area thereof which Company now is authorized to serve or may hereafter be authorized to serve; and Customer agrees to pay for and Company agrees to sell and deliver said services in the manner and subject to the terms and conditions hereinafter set forth.

1. Street and Outdoor Area Lighting Service. Initial Street and Outdoor Area Lighting Service supplied by Company on Company-owned facilities or Customer-owned facilities shall be of the type and character set forth in Appendix 1 attached hereto. Additional Street and Outdoor Lighting Service may be requested by Customer from time to time and shall be provided pursuant to a written addendum to this contract.

2. Tariffs. All service hereunder shall be supplied by Company and paid for by the Customer as provided by the terms and conditions of Company’s Rate Schedules 5(M) or 6(M) in effect at the time service is provided, a current copy of which is attached hereto as Appendix

2. These tariffs may be amended as allowed by state law governing electrical corporations.

3. Right to Install Company Facilities. Customer hereby grants to Company, its successors and assigns, while engaged in the performance of Company's duties hereunder, the right and privilege to erect, maintain and operate lighting fixtures, poles, wires, cables, transformers and related apparatus and appliances necessary or convenient for Company's efficient performance of its duties under this contract, upon, under, over, and across the streets, avenues, alleys, and other public places within the territorial limits of Customer.

4. Notice, etc. All notices, applications and requests by the Customer hereunder shall be in writing signed by an authorized representative and delivered or mailed to Company addressed as follows or to such other address as Company may hereafter designate in writing to the Customer.

APPLYING TO _____

MISSOURI SERVICE AREASERVICE CLASSIFICATION NO. 5 (M)STREET AND OUTDOOR AREA LIGHTING - COMPANY-OWNED (Cont'd.)* 1. RATE APPLICATION

Available for lighting streets, alleys, walkways and other thoroughfares, or for outdoor lighting of public or private areas for security or similar purposes when such lighting facilities are operated and maintained as an extension of Company's distribution system.

* 2. CHARACTER OF SERVICE SUPPLIED

Company shall inventory, furnish, install, maintain and deliver electric service to automatically-controlled lighting fixtures currently offered as standard facilities by Company. Customer shall select the type and size of lamps and fixtures from the standard equipment inventoried and offered by the Company and shall specify the location of said fixtures. Other than service to Company's post-top fixtures, the service provided hereunder shall be supplied by lines or cables through fixtures supported by standard upsweep brackets attached to existing poles; however, certain non-standard facilities may be installed hereunder in accordance with the terms and conditions stated in the following paragraph 3.

* 3. NON-STANDARD FACILITIES

Whenever customer requires Company to install non-standard facilities hereunder (such as longer upsweep brackets, switches, protective barriers, etc.) and there is no engineering, construction, safety, legal or practical reason which would, in Company's judgment, make such non-standard installation inadvisable, Company will make such installation provided customer pays in advance to Company all costs in connection therewith. Subsequent replacements of said facilities will be provided by the Company.

4. CONVERSION OR MODIFICATION OF LAMPS

** Where customer requests a conversion or modification of the size or type of lamp currently installed, and Company would not otherwise be converting such lights at that time, Company will make the requested changes, within the parameters described below, provided that customer pays in advance to the Company \$100.00 per lamp for both the removal cost and loss of the remaining life of such lamps and, additionally, signs a new contract at the time when 20 percent or more of the customer's total lamps then installed are so converted or modified. Billing for the revised lamps will be prorated based on the removal and installation dates.

- * Company will convert to LED up to 1,000 lights per year requested by customers. Customer requests for LED lights will not be accepted prior to April 1, 2016 and will be limited to twenty-five (25) lights per customer account per calendar year. Customer requests must be in writing and, at a minimum, identify the specific physical location and billing account number and service date requested of each light. In the event Company determines it cannot accommodate all requests for conversions in the timeframes requested, prioritization of the requests will be at Company's discretion.

5. CHANGE OR RELOCATION

Upon receipt of written request and authorization from customer, Company will, insofar as it may be practical and permissible, make any other change in or relocation of its facilities used in rendering service hereunder, provided customer pays in advance Company's estimated costs in connection therewith.

** 6. ADDITIONAL INSTALLATIONS

Customer may obtain the installation of additional lamps and the supply of service thereto under the existing contract for the remainder of the term thereof upon written application to the Company, provided, however, that if at any time during the term of the contract customer requires such additional lamps so as to cause the total number of lamps in service to exceed by 20% the lamps originally contracted for and then installed, the parties shall execute a new contract.

** 7. TERMINATION

If customer requests in writing the termination of all or a portion of any lighting service, not paid for in advance, within three years of the installation of the lamps being terminated, or within ten years of the installation of post top luminaires, wood poles or cable being terminated, customer shall pay in advance to Company \$100.00 per lamp for both the removal costs associated therewith and the loss of the remaining life value of such facilities. If said request for termination of lighting service is made after the above three and ten year in-service periods, as applicable, and customer requests a new lighting installation within twelve months after the removal of the prior terminated lighting facilities, customer shall pay the amount specified earlier in this paragraph for all facilities previously removed prior to Company making any new lighting installation.
