

# **CONSENT ITEM**

**RE: GOLF COURSE CHEMICALS**

**DEPARTMENT: PARKS & RECREATION**

**PROGRAM: GOLF COURSE**

**RECOMMENDATION:** Award purchase to lowest unit priced vendor that meets specifications on an as need basis; based on weather and playing conditions not to exceed budgeted amounts.

**EXPLANATION:** A Request for Proposal was prepared by Golf Course Superintendent Crocker to seek pricing for the purchase of fertilizers, fungicides, herbicides and miscellaneous chemicals to be used during the upcoming golf season. The RFP was advertised on the city's website and sent to several local providers of golf course chemicals. On February 11, 2016, five sealed bids were received and opened.

A total of \$38,500 was budgeted for chemicals this year, \$2,365 less than was budgeted in 2015; including \$14,000 for herbicides/insecticides, \$16,000 for fungicides, and \$8,500 for the purchase of fertilizers. Attached is a spreadsheet of the results. Weather conditions will dictate which chemicals will be needed as well as the quantities. Also, as in the past, fertilizer prices are only good for 30 days. Regardless, staff is recommending the purchase of chemicals from the lowest unit based bidder in each category.

If you have any questions, please let me know.

**SUBMITTED BY:** LINDA BRUER, CPRP  
DIRECTOR OF PARKS & RECREATION

**DATE:** FEBRUARY 16, 2016
