

MEMORANDUM

TO: ERIC HANSON, CITY ADMINISTRATOR

FROM: GARY R. KRAMER, P.E., CITY ENGINEER/DIRECTOR OF PUBLIC WORKS

DATE: SEPTEMBER 4, 2015

SUBJECT: 2015 PAVEMENT ASSESSMENT

City street pavements were last rated in 2001, 2003, 2005, and 2010. Pavement condition ratings are recommended to be updated every 3-5 years. With that in mind, the city contracted with Lochmueller Group to evaluate and rate all city-maintained streets. They will be available to present their findings at the September 14, 2015 Board of Aldermen meeting. Copies of their report will be included in the meeting packet.
