RE: GameTime Thrive 450 Total Body Fitness Structure Purchase and Installation

Department/Program: Parks and Recreation

Recommendation: Approve the purchase and installation of the Thrive 450 Fitness Structure through Cunningham Recreation.

Explanation:

The Fitness structure and installation is a budgeted item in the 2020 budget for \$65,000 and is 100% reimbursable through the Ferris Park Phase II Municipal Park Grant. Purchasing through the OMNIA purchasing cooperative and a revision on the shade structure has the purchase and installation coming in well under budget and will total \$36,819.79
