

Staff Report

Subject: Amendment to bills 4045 and 4046

Department/Program: Parks and Recreation

Recommendation: Make a motion to amend bills 4045 or 4046 reflecting the changes to daily rates at the Community Center and Aquatic Center and effective dates for the pricing increase.

Explanation: After a conversation with Alderman Roach the proposed daily visit fees were adjusted to offer a discount for active military, military veterans, police and fire. Effective dates for bills 4045 and 4046 have also been amended to reflect that these increases will go into effect January 1, 2020. No other changes were made to the original proposal.
