

## **CONSENT ITEM**

**RE: NEW BALLWIN PARK TENNIS COURT REPAIRS**

**DEPARTMENT: PARKS AND RECREATION**

**PROGRAM: PARKS**

**RECOMMENDATION:** Award contract for the repair and color coating of the two tennis courts at New Ballwin Park to the lowest of three bidders, Frazier-Davis, in the amount of \$13,887.00.

**EXPLANATION:** \$20,000 was budgeted to remove previous color coatings to bare asphalt, seal cracks, apply acrylic resurfacer and two coats of color coating and striping. Alternate proposals were accepted to clean courts and color coat and stripe only, but due to condition of existing surface, peeling coatings need be removed in order for the coating to adhere properly.

The city has worked with successfully with Frazier-Davis on tennis court work in the past. The company has no wage rate or OSHA violations.
