TO: ERIC HANSON, CITY ADMINISTRATOR

FROM: JIM LINK, SUPERINTENDENT OF STREETS

DATE: JANUARY 19, 2107

SUBJECT: Hooklift/Concrete-Dump-Spreader Body

RECOMMENDATION: We recommend accepting Vanguard/Viking-Cives State bid quote for the Ampliroll Hooklift Body plus the Cementech-Dump-Spreader units.

EXPLANATION:

The 2017 budget provides for the addition of a Hooklift Concrete-Dump-Spreader body for the Swap Loader project.

We received approval from the Board on January 9, 2017 to purchase a New 2016 Mack GU713 for \$107,900.00 from Vanguard Truck Centers under the Missouri State contract #3-140214RJ. The City of Ballwin can also purchase the Concrete-Dump-Spreader Body from the same contract. There are 2 different body manufacturers that are under state contract that can provide the city with this unit. Below is a summary along with the attached quotes.

Manufacturer	Quantity	Body/Make	Concrete Unit	Dump/Spreader	TOTAL
Viking-Cives	1	Ampliroll	Cementech	Viking	\$209,461.69
Henderson	1	Swap Loader	Cementech	Henderson	\$209,600.00
TOTAL PROJECT BUDGET					\$350,000.00
