

MEMORANDUM

TO: ERIC HANSON, CITY ADMINISTRATOR

FROM: JIM LINK, SUPERINTENDENT OF STREETS

DATE: JANUARY 3, 2107

SUBJECT: Cab and Chassis -Swap Loader

RECOMMENDATION: We recommend accepting Vanguard’s State bid quote for the Swap Loader Cab and Chassis. We also recommend selling the old truck 2209 on GovDeals.com.

EXPLANATION:

The 2017 budget provides for the replacement of a two-ton truck for the Swap Loader project.

Vanguard Truck Centers has a New 2016 Mack GU713 currently on their lot and willing to sell to the City of Ballwin under the Missouri State contract #3-140214RJ. The City of Ballwin can take possession of this truck immediately upon board approval. This will save time as it takes 90-120 days to build a truck when ordered.

Respectively the frame rails on the International are 240,000 PSI whereas the Mack is 1 Million plus PSI. Time considerations and strength of the frame are the reasons for the recommendation of Vanguard over International.

	Quantity	Make	Model	Year	TOTAL
Vanguard Truck Centers	1	Mack	GU713	2016-New	\$107,900.00
Navistar Truck Group	1	International	7500-6x4 (SF537)	2017-New	\$101,707.00
TOTAL PROJECT BUDGET					\$350,000.00
