# From Your Mayor

As I'm writing this, we have officially hit the one-year mark since the start of the COVID-19 pandemic. Little did we know then just how much our world and everyday lives would change. However, as I look towards the next few months and the approaching summer season, I am optimistic that we will be able to return to "normal" as COVID-19 trends continue to improve.

Our Parks & Recreation department has worked tirelessly over the past year to offer approved activities and events, by following public health guidelines and implementing precautionary measures. This summer will be no different - our department has a long list of fun, exciting, and safe things in store for you!

Opening day for our North Pointe Aquatic Center is just a few weeks away! We hope to see you there on Saturday, May 29, to celebrate the start of the season. Additionally, our highly-anticipated Summer Camps are happening all summer long, from June to August. We have a variety of camps to choose from this year, including Star Wars, Aqua, Disney, and ARTVenture - so there is something for every child to enjoy. Lastly, we have made the decision to delay our annual Ballwin Days festivities to the end of the summer when, hopefully, we are able to safely gather in such a large group. Our staff and wonderful Ballwin Days volunteers will continue to work all summer towards being able to safely hold this event for our community!

As we enter the summer season, I encourage you to take advantage of the longer days, warmer weather, and increased sunshine headed our way! Spend your summer right here in Ballwin hitting the links at our golf course, playing in our parks, cooling off at North Pointe, and, of course, supporting our local businesses.

If you lived in Ballwin in the early part of the twentieth century, it's likely that your "bus" driver would have been John Bopp.

One of the most important "bus" routes was between Ballwin and the Barrett's Station terminal of the Missouri-Pacific Railroad. John began the route in 1901, using a horse-drawn carriage to carry passengers and mail to and from Barrett's Station twice a day.

Around 1920, John Bopp purchased a chain-driven "horseless carriage," at which point he also began going to Meramec Highlands and Maplewood.

Eventually, John Bopp upgraded to an enclosed vehicle (shown in the picture below). The picture was taken when students from the Ballwin School were going on a class picnic to Forest Park.

John's daughter Helen took over operations from the time that John died in 1934 until her own death in 1961.

## Dave's STL K-9 Dog Training

Having worked in the pet-training industry for a while, Dave Silistria felt there was a huge, untapped market in the West County area "for people who wanted a well-behaved dog, but weren't sure how to achieve those results." So in December of 2019, he set about creating his own dog-training business, which officially opened last August.

Located off of Clayton Road in the Claymont Center, Dave's STL K-9 Dog Training offers all types of training, from puppy preschool to advanced obedience. Dave, and the four other trainers who work for him, have a deep passion for dogs and thrive on "reaching the goal of canine good behavior."

## Batteries Plus Bulbs

In May 1995, Holly and Steve Donnell opened Batteries Plus Bulbs in Ballwin. "We felt the market for batteries would grow and that we could fill a niche that no one else was addressing," Steve said. Since then, they've opened six other locations in the St. Louis area, acquired a commercial distribution facility, and hired over 40 employees.

While they're known for selling all types of batteries and light bulbs, many people don't know they also cut car keys and program keyfobs, repair cell phones and tablets, provide LED lighting to hospitals, schools, police & fire departments, and more!

## BeerSauce Shop

BeerSauce Shop was founded in 2017 by a "small group of local flavor lovers." It has since expanded from its original location in St. Peters - recently opening a third location right off of Manchester Road in Ballwin last September.

BeerSauce Shop was created after its owners wanted to be able to try new flavors of sauce and beer before purchasing them. "Since there were no try-before-you-buy shops around, we decided to open one," the owners said. Inside the Ballwin location, you'll find 600 craft beers on the shelf, 200 artisan sauces and rubs, barbecue tools and accessories, flavor schools and tastings, and so much more.

## What's New in Ballwin?

**Champion Collision Centers** opened on January 11th and provides "quality auto body repair services." They are located at 15230 Manchester Road and can be found online at [championcollisioncenters.com](http://championcollisioncenters.com).

**Uptown Cheapskate** is an upscale resale store that fully opened their Ballwin location on April 1st. They are located at 15315a Manchester Road. To learn more about Uptown Cheapskate, you can visit [uptowncheapskate.com](http://uptowncheapskate.com).

On March 30th, **Painted Tree Boutique** opened at 14850 Manchester Road. It is a creative community of shoppes under one roof! To learn more about Painted Tree, go to [paintedtree.com](http://paintedtree.com).

# Recycling 101

Resolving to be a better recycler is easy! We all start somewhere, and whether you are a brand new or an on-and-off recycler, these tips will help you make recycling a simple habit all year.

**Know what to throw.** “Stick with the Six.” Republic Services collects the following recycle materials with curbside collection: cardboard, paper, metal cans, plastic bottles and jugs, and glass. Of these six materials, the ones that are considered “recycling gold” because of their ability to be remade into new products are: cardboard, paper, aluminum, and plastic bottles and jugs.

**Empty, clean, and dry.** These are the three magic words of recycling. Every item in your recycling bin should be free of liquid and food residue. When items are soiled, they can contaminate other perfectly good recyclables and those contaminated materials will end up in the landfill. Give your recyclable containers a rinse, then tap out the excess water, leaving no more than a teaspoon.

**When in doubt, throw it out.** There will be times when you just aren't sure if something should be recycled or not. It's best to toss the item in the waste bin when that happens.

**Don't bag it.** While it might seem to make sense to place recyclables in a plastic bag, it's a big no-no. Materials must stay loose so they can easily be sorted and separated at the recycling center. And that plastic bag isn't recyclable via your curbside program (but most grocery stores have plastic bag collection bins near the entrance).

Visit [recyclingsimplified.com](http://recyclingsimplified.com) for more information on how to become an avid recycler. This article was prepared by Republic Services, the City's contracted waste hauler. You can contact them directly at (636) 947-5959.

# Ballwin Budget Survey

The City of Ballwin's Finance department is looking to solicit input from the community about the City's budget. This Budget Survey will provide residents with an opportunity to share their thoughts regarding the City's revenues and expenditures, and their budget priorities for the upcoming year. We urge every resident to participate by completing the budget survey, either online or in person.

Effective April 26, 2021, residents will be able to complete the Budget Survey online at [ballwin.mo.us/Budget-Survey/](http://ballwin.mo.us/Budget-Survey/) or in person by visiting our Government Center during business hours (Monday - Friday, 8 a.m. - 5 p.m.) and requesting a paper copy. Our Government Center is located at 1 Government Ctr.

# Ballwin Days Festival

Save the Dates: Aug 20-22

We are hoping to hold our annual Ballwin Days Festival this year from Friday, August 20 - Sunday, August 22. As you know, our 2020 event was canceled due to the COVID-19 pandemic. Our Mayor, Board of Aldermen, staff, and volunteers have decided to postpone this year's event from its usual date in June until August, to allow more time for COVID-19-related conditions to improve. Our priority continues to be the health & safety of everyone in this community. So while we will continue with event preparation, we will not hold the Ballwin Days festival until we have received guidelines and approval from public health officials allowing us to safely come together.

Announcements will be shared on the City's website and social media pages, so continue to check throughout the summer. More information will also be included in our next issue of the Ballwin Life Magazine.

Questions? Contact Chris Conway at (636) 227-8950 or [cconway@ballwin.mo.us](mailto:cconway@ballwin.mo.us)

# Tree Programs

The Public Works department handles tree removal and trimming for all street trees located within our city limits. A **street tree** is a tree that is growing in or upon any City-managed street or public right of way. The department will handle tree trimming for street trees located between the street and the sidewalk. They will also remove a street tree when it presents an immediate safety hazard or is deemed a public nuisance. If you see a street tree that needs our attention, you can use the "Request Service" feature on our website. Once you submit a request, we will dispatch a supervisor out to assess the site. If the reported tree requires our service, the supervisor will create a work order in our system. Our crews handle the most severe tree work orders first (see flow chart on next page). It is important to note, crews don't handle trees located on private property.

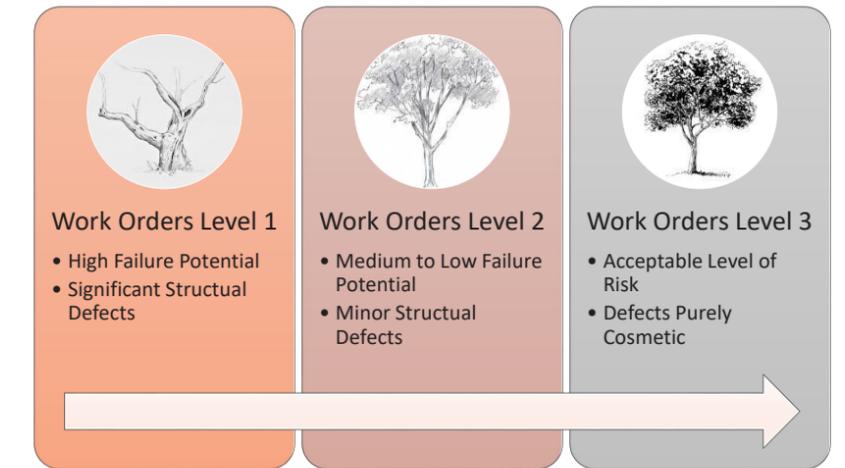

In addition to handling resident requests and work orders, the City's tree crews are also focused on removing all the City's ash trees. In 2015, the threat of the Emerald Ash Borer came home to Ballwin. This insect is an invasive species that is highly destructive to ash trees. The City had more than 2,000 of these trees in its public right of way, as well as a large number of other trees considered to be in dangerous condition. Contracting this work out was projected in the millions of dollars over a 5-to-10-year period. Instead, the City purchased a bucket truck and established a crew which works on trees throughout the year. The exception is several weeks in the summer when street replacement is being conducted and in the fall during leaf collection. In the winter months, nearly all the street laborers assist with trees, whether it is trimming or stump grinding. Significant progress has been made in the first six years with 1,490 trees removed, 745 of these being ash trees. However, resident requests for the trimming of street trees have increased dramatically, drawing resources away from tree removal. Seventy percent of all open Public Works work orders are for tree trimming or removal. A second bucket truck was added to the fleet and, in January of this year, we established two full-time crews... one to handle tree trimming and one to perform tree removals.

The City of Ballwin is pleased to offer a cost-share program to encourage the planting of trees in our neighborhood to provide beauty and environmental benefits. Tree planting helps the environment by reducing soil erosion and pollution, filtering pollutants, producing oxygen, and providing habitat for wildlife. You may apply for up to a \$100 reimbursement from the City after planting a tree, provided the area and the tree meet the appropriate criteria. A list of recommended street trees can be found on our website.

The Residential Street Tree Program Application can be found online at [ballwin.mo.us/Tree-Planting-Program/](http://ballwin.mo.us/Tree-Planting-Program/). For more information about the Tree Planting Program, contact our Parks & Recreation Department.

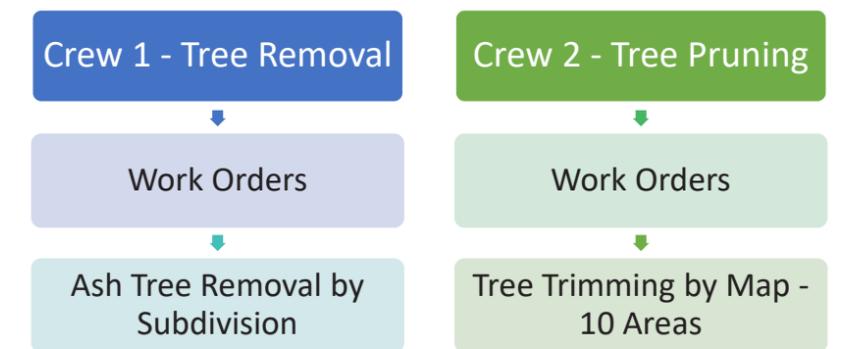

## TREE PROGRAM FLOW CHART

Work orders are completed first by level assigned, then by order received.

All trees are rated using a visual tree assessment. The process is as follows:

1. Look for dieback, gaps, or discoloration in the crown.
2. Take note of any lean.
3. Look for branches that extend beyond the rest of the crown.
4. Examine the trunk taper.
5. Inspect the trunk, the root collar, and the root zone.

## Upcoming Major Road Projects

**2021: Holloway Road**  
 This summer, the City of Ballwin will resurface Holloway Road with the help of federal funding. This project will address deteriorated pavement, curbs, and gutters and will result in a smoother driving surface, the reduction of liability from tripping, and compliance with federal regulations. Total expense is budgeted at \$1,156,040, with federal reimbursement of 80% of the project expenses (the net cost to the City is \$231,208). **Questions?** Call Ballwin Public Works at (636) 227-9000.

**2022: New Ballwin Road**  
 In 2022, the City of Ballwin will resurface a portion of New Ballwin Road, from Manchester Road to Twigwood Drive, to address deteriorated pavement, curbs, and gutters. Benefits include a smoother driving surface, upgraded and more cost-efficient street lighting, and intersection pedestrian signals. The City will receive federal reimbursement of 80% of the project expenses. **Questions?** Call Ballwin Public Works at (636) 227-9000.

**2022: Baxter Road**  
 St. Louis County's Department of Transportation is planning to improve Baxter Road between Manchester Road and Clayton Road. Baxter Road will receive a new pavement surface, curb repairs, guardrail, storm sewers, and traffic signals. According to St. Louis County, the existing on-street parking will remain in place starting from Hills Trail Drive and ending at Clear Meadows. It is anticipated that construction of the project will occur in 2022. **Questions?** Call St. Louis County Department of Transportation at (314) 615-8504 or visit the Project Webpage at [www.stlouiscountymo.gov/st-louis-county-departments/transportation-and-public-works/baxter-road-south-resurfacing-ar-1555/](http://www.stlouiscountymo.gov/st-louis-county-departments/transportation-and-public-works/baxter-road-south-resurfacing-ar-1555/)

# Chief's Corner

We have seen a tremendous advancement in technology over the past few decades. Take, for instance, cell phones. In the 1990's I remember when a friend of mine had a "car phone" installed. It was both incredible and expensive. That "car phone" is now a "smartphone" and is actually a handheld computer. Over half of the people on the planet own one.

The technologies we use in law enforcement have followed that same path. In the early 1990's, the agency I worked for bought a car camera system. In reality, this was actually a handheld VHS camera mounted on a bracket that was attached to the dashboard, with bungee cords hooked into the defrost vents. Today, each Ballwin patrol car has two cameras mounted internally. One faces forward and one faces into the cabin of the vehicle. Additionally, each Ballwin Patrol Officer has a body-worn camera. We even have a patrol car with three cameras mounted on the outside, designed to read license plates and alert us to stolen or wanted vehicles.

Speed detection tools are another great example of advancement. "Radar" units have been around for half a century. They started, more or less, as bulky units which weighed about 10 pounds and were mounted onto the driver's window. Today, our patrol vehicles have radar "heads" mounted on the front and rear decks of the vehicle. Each head is about the size of a normal 12 oz. soda can and is operated with a remote control held by the operator. Additionally, we have handheld, laser-speed detectors that can accurately read the speed of a single car, on a crowded roadway, from over a quarter of a mile away.

So what is the impact? In our industry, we have not seen technology replace police officers, and I don't see that in the near future, but technology has allowed our personnel to conduct their job functions in a more effective and efficient manner. Another impact is obviously the cost. Effective technology is not always cheap and in 1987, when I started as a patrol officer, I never would have dreamed that I would be doing cost/benefit analysis on a regular basis. Welcome to 2021!

- Chief Doug Schaeffler

# Police Dispatchers

Good communication adds clarity to a chaotic situation. Ballwin Communication Officers (also known as Police Dispatchers) spend their shifts answering calls for help from the public and relaying that information to police officers, firefighters, and emergency medical services. They are the first voice that many hear when they need help. This is a task that was completed over 41,000 times last year.

Ballwin's Emergency 911 Center is located in the Ballwin Police Department and serves the cities of Ballwin, Manchester, and Winchester. Our Communication Officers have been trained to gather as much information as possible from the caller, and before the phone call is finished they have officers en route to their location.

This service is enhanced by our Communication Officers going on ride alongs. This allows them to get to know, not only the officers they are dispatching to those in need, but also the areas where they are being dispatched. All Ballwin Communication Officers are Level-II REJIS certified, which is the highest level of security available for this role. They are also all certified in the National Incident Management System (NIMS), which trains communication officers on best practices involving large-scale events. Ballwin's Communication Center is another vital piece to the puzzle that makes Ballwin a great place to live, work, and play. Last month, we celebrated National Public Safety Telecommunicators Week, which took place April 11-17.

# Parks & Pavilions

The City of Ballwin has five parks available for residents and non-residents to enjoy! Features that can be found at our parks include pavilions, restrooms, grill, tennis courts, basketball courts, volleyball nets, playground, trails, fishing, and more (please note, not every park has these amenities). You can learn more about the specific features offered at each of our community parks online at [www.ballwin.mo.us/About-Our-Parks/](http://www.ballwin.mo.us/About-Our-Parks/). Park hours are as follows:

## Vlasis Park, Holloway Park, and The Pointe

6 a.m. - 11 p.m.

## New Ballwin Park and Ferris Park

6 a.m. - 9 p.m.

Park pavilions are available for rentals from April - October of every year. Rental reservations need to be made in person at The Pointe (payment required upon reservation). Questions? Contact Recreation Manager Gayle Junge at [gjunge@ballwin.mo.us](mailto:gjunge@ballwin.mo.us).

## Ferris Park Update

Developments at Ferris Park are scheduled to be completed by May 2021. Updates include expanded parking lot, regraded recreational field, multi-use pathways, and an outdoor fitness structure.

This project started in September 2020. The photo shown above was taken during construction in April of this year.

# Ballwin Summer Camps

The temperature in Ballwin is rising, so you know what that means - Ballwin Summer Camps are almost here! We are so excited to be able to come together in a “normal” summer camp setting for 2021! I can’t believe this will be my sixth year overseeing the Ballwin Parks and Recreation Summer Camps. Each year, we have continued to not only grow the program, but we have also continued to make the program better. Our summer camp staff is truly outstanding and none of this would be possible without their hard work.

Throughout my time with the Ballwin Parks and Recreation Department, I have made it a personal goal to not only offer excellent camps, programs, and events, but to strive to be the best in the STL Region. As a father of three little ones, I made it our mission to provide campers with an unforgettably fun summer experience while ensuring safety, introducing new friendships, encouraging physical activity, and promoting responsibility.

Before the start of planning for each summer camp season, I like to take time to meditate on what our theme should be for that particular year. This year our theme will be centered on KINDNESS. The “Kindness Crusade” was created to show our campers that we need more kindness in this world. That even if things don’t go your way or you don’t agree with someone, that we can all have our own opinion in a respectful manner. We are here to spread kindness, not hate, here at camp and outside of camp.

2016 – Different theme each week

2017 – Different theme each week

2018 – “Mission Possible” (You can do anything you put your mind to.)

2019 – “Nation Games” (Letting the campers know that it doesn’t matter what you look like or where you're from. We are here to bring all people together.)

2020 – “No Cape Required” (Letting the campers know that you don’t need a cape or a title to make a difference in this world.)

2021 – “Kindness Crusade” (Letting the campers know that we need more kindness in this world. You can disagree with someone without all the hate. Spread kindness not hate.)

Not only will we be playing games, making crafts, swimming, taking field trips, having pizza parties, and enjoying Kona Ice, we will be going back to the basics of kindness. This includes holding doors for others and saying please and thank you. I know that may sound a little silly, but there are grown adults who don’t even do these simple things. Whether you’re an experienced camper or a first year camper - we want to welcome you here at Ballwin Summer Camps. I can’t wait to see you this summer!

# Swim & Dive Team

The **Ballwin Blue Dolphins Swim and Dive Team** is a recreational team with an emphasis on developing basic competitive skills. This fun, recreational league caters to swimmers and divers (age 5-18 years). We provide friendly competition between neighboring communities while focusing on learning, teamwork, sportsmanship, and most importantly FUN! We strive to promote a positive and safe environment for area swimmers and divers. Swimmers and/or divers with little or no experience are welcome. All new swim participants eight (8) and under must perform a swim test of 25 yards to join. The swim test must be swam with no assistance and without stopping. The swim test is not timed and is required for the safety of the swimmers. The 2021 swim pre-test date and time is Saturday, May 1 at 9:15 a.m. The swim pre-test will be held at The Pointe Indoor Pool. Swim team is NOT a substitute for swim lessons. In order to provide the best program possible, membership will be limited to 150 swimmers and 60 divers. All of our coaches are highly experienced in coaching swimmers and divers. For further details, a copy of the 2021 Ballwin Swim and Dive Team flyer can be downloaded from [www.ballwinswimanddiveteam.com](http://www.ballwinswimanddiveteam.com).

**Registration** opened on April 7. All registration fees for Ballwin Swim & Dive team are collected at The Pointe's Welcome Desk (there is no online registration). All Volunteer Checks are to be submitted with Registration Fees at The Pointe's Welcome Desk. Each family is required to submit three (3) \$75 checks at time of registration for the parent-volunteer program. A buyout of \$250 can be made at time of registration. A \$20 discount will be given on any multi-family registration.
