CITY OF BALLWIN
PUBLIC WORKS

Dear Mr. Kramer,

According to our records, your contract for St. Louis County to provide mosquito control services is or will be expiring. I invite you to renew the contract and have enclosed the necessary forms.

Our service options include:

- * larviciding (treating standing water on public land and easements), and/or
- * adulticiding (fogging for adult mosquitoes).

Fees for the 2015 season remain unchanged (larviciding is \$45/hour and adulticiding is \$72/hour).

Larviciding encompasses monitoring and treating breeding sites on a regular basis throughout the season. Adulticiding is done at the discretion of St Louis County Vector Control and is based primarily upon mosquito surveillance and testing results.

Mosquito control is particularly important since mosquitoes in this area can transmit several types of encephalitis, including West Nile Virus.

We are asking you to:

- 1) Complete, sign and return both copies of the enclosed contract, and
- 2) Enclose a copy of your enabling legislation that authorizes the contract (see enclosed model ordinance).

Vector Control is committed to providing the best service possible. Your timely response is appreciated. Should you have any questions, please feel free to give me a call at (314) 615-0654.

Sincerely,

Drew Hane, Operations Manager
Vector Control Services
