From Your Mayor

I would like to take this moment to thank the residents and City staff for everything they have done to support our local businesses. This has been a trying year for us all and the impact of COVID-19 has touched every corner of this community. I appreciate everything you, and our businesses, have done to adjust to these times of uncertainty. We have seen our business community come

together and find creative ways to adapt, all while keeping the health and safety of their employees and guests a top priority.

Fortunately, even during these unprecedented times, I am happy to report that we have seen an encouraging level of economic development in our city! In August, Dave's STL K-9 Dog Trainers opened in the Claymont Center. They offer a variety of group classes and dog-training options, and are members of our Shop Ballwin First program! BeerSauce Shop, a one-of-a-kind shop specializing in craft beer, artisan sauces, and whiskey, opened in September. Foss Swim School and P'Sghettis Pasta & Sandwiches also opened their doors this fall! As I write this, we have two more businesses that will soon call Ballwin home. In 2021, a brand-new drive-through St. Louis Bread Company will open where the former Steak and Shake was located. Painted Tree Boutique, "a creative community of shoppes featuring hundreds of local shop owners, boutiques, decorators, artisans and craftsmen all under one roof," will also open early next year!

While I am thrilled to welcome these new restaurants, services, and shoppes to Ballwin, we must not forget about our current businesses. Our business community has always been there for us... and it's time for us to return the favor. As we approach the holiday season, I ask that you keep our businesses in your thoughts and continue to do your part in supporting our community.

Shop local, stay safe, and Happy Holidays!

Silver Shovel Award

During the September 14th Board of Aldermen Meeting, Spire Energy presented Public Works Director Jim Link with a silver shovel award (*pictured to the right*). This award is presented to municipal public works departments that safely excavate around their gas facilities. According to Spire, our Public Works Department reported more than 227 jobs in 2019 without any "at fault damages." Ballwin was one of only five municipalities to receive this year's award!

From Leaves...

Our annual Curbside Leaf Collection starts this fall!

During the leaf collection season, we will have crews collecting leaves Monday - Friday. Unlike trash collection, we cannot guarantee which day of the week your leaves will be picked up, but crews will begin each day where they ended the day before. If you'd prefer not to wait on our crews, or if our timeline doesn't work for you, Republic Services will pick up your bagged leaves (contact Republic Services for more details). We have created a Master Street List by ward, which is updated every afternoon to help you track crews' progress throughout the City. This can be accessed on the Curbside Leaf Collection page of our website. Here are a few important reminders as we begin this program:

- Do not park on top, or in front, of leaf piles.
- If winter weather occurs, we may halt this service.
- There will be no pickup on City-observed holidays.
- For the safety of our workers and equipment, we request some items be kept out of piles (see itemized list on website).

Leaves are hauled to our Public Works yard, where they are then collected and composted by Republic Services.

...to Snow!

Winter weather could happen at any moment... make sure you're prepared!

Winter is on its way... which means winter weather is not far behind! Our department tries to make the season a bit more manageable for you by handling snow removal in the city.

Our crews will spray salt brine (a combination of rock salt and water) on all streets in the event of a forecasted snow fall (if freezing rain is predicted, we will use deicing salt). Plowing will then begin when the snow accumulates to two-three inches and forecasters predict rising temperatures. You can help us prepare by reading these important reminders:

- Major arteries will receive top priority, followed by the collector streets, and then the minor subdivision streets and cul-de-sacs.
- Ballwin's City Ordinance No. 2211 prohibits the parking of vehicles on City streets when the City is under a snow emergency.
- During winter snow emergencies, crews will operate around the clock until the storm ends and all streets are cleared.

For more information on leaf collection or snow removal, visit our website or contact Public Works at (636) 227-9000 *option 2.

Chief's Corner

As of this publication, I am approaching my one-year anniversary with the City of Ballwin's Police Department. This year has brought challenges unseen in my career with the global pandemic, but overall it has been a great first year in Ballwin. Like with any job, when you are the “new kid,” you worry how you will be treated and if you will be accepted. The members of this department and this community have been fantastic. Ballwin has shown that this is not just another city, it is truly a “community.”

During my first few months, I spent time with every police department employee one on one. This was to let them know what my expectations were, but also to get to know them, and to get their thoughts on the department and what changes they would like to see for the department.

Then, as a team, we began making... adjustments. Actually, in this first year, we have made dozens of adjustments. But with every adjustment, our goal was to continue to deliver to the Ballwin community a well-trained, well-prepared, and well-equipped professional police department. We wanted to build upon the great service that was already being delivered, and I feel we have achieved that goal.

A short list of these efforts include:

- Streamlining the policy review and approval process
- Streamlining the police report approval process, using existing software
- Expanding our firearms qualification program
- Updating the uniforms with advanced equipment and more comfortable clothing
- Creating front-line supervisory positions in the Special Operations Unit and the Division of Criminal Investigations
- Formalizing the supervisory position in our Division of Communications by creating a Communications Supervisor position
- Creating a Lead Officer position on each patrol squad to assist the Sergeant
- Establishing weekly command-staff and monthly full-staff meetings to keep lines of communication open across the department to receive and deliver information
- Establishing a Criminal Exchange working group of Detective Sergeants within the west county police agencies, so we can exchange information and ideas to combat crimes that cross our borders into neighboring jurisdictions
- And because the Ballwin Police Department is a family, we have bolstered our Ballwin Police Department Spouse Group.

Additionally, we are growing our presence within the law enforcement community through our participation in numerous regional groups and task forces.

As I speak with my peers in other municipalities I am constantly asked “How’s it going in Ballwin?” I find myself bragging as I talk about all the great things we are doing here and about the great relationship we have with our community. The keyword here is “WE.” Everything we do, we do as a team. None of these things could be accomplished otherwise. I am so proud to be a member of the Ballwin Police Department and to wear our patch on my sleeve. Thank you for my first year and I look forward to many more.

-Chief Doug Schaeffler

Rideshare Safety

Rideshare services, such as Uber and Lyft, are not new to the Ballwin area and can be an excellent method to get from one area to another safely. Utilizing rideshare or taxi services provides a level of convenience that can offset the cost of the service, but these services bring a new set of cautions as well. Adults have been taught since they were children not to get into a car with a stranger. Now that this advice is a little dated, we wanted to highlight some safety tips to make sure that your next rideshare or taxi experience is as safe as possible. After ordering your ride on a reputable company's app or website, and before you get into a vehicle, verify the following information:

- The license plate - make sure that it matches what the application provided to you
- The make and model of the vehicle - some services are also including the color of the vehicle
- The driver - a photo is provided by most services of the driver of the vehicle
- Question - Ask the driver who they are picking up before entering the vehicle.

Trust your instincts. If something does not feel right, or if one of the questions above is not able to be answered to your satisfaction, do not hesitate to cancel the ride.

Bees for Bravery

Working for the City of Ballwin provides an avenue for meeting and getting to know a lot of unique people. One of those people is Jeremy Idleman. Jeremy is the Chief Bee at Bee Found, a 501c3 nonprofit that gives free bees, hives, and mentorship to veterans and first responders with invisible wounds (such as PTSD) through their Bees For Bravery program. Bee Found also has a Host A Hive (HAH) program for others who want to learn how to keep bees but aren't yet ready to go at it on their own. Bee Found will manage the hives, and the clients of the HAH program get to learn how to keep bees.

If you think that beekeeping seems a little weird as a hobby, especially one designed to relax, you are not alone. Jeremy said, "It may sound odd to those that aren't (yet) beekeepers, but beekeeping is extremely therapeutic. Apart from getting inside the hive, just sitting next to your hive(s) is a wonderful experience. You not only hear the rhythmic and undulating buzzing of the bees but there's also my personal favorite smell in the world, ripening honey."

Working on the hives is so rewarding because it takes a lot of work and education to successfully run a hive according to Jeremy. He did emphasize that helping in the pollination process and getting to observe the cuteness of the bees is a plus.

Jeremy started beekeeping as a way to cope with his own post-traumatic stress issues and because it was so successful for him, he decided to create Bee Found in order to share it with veterans who may have similar

issues. Bee Found hopes to keep expanding their hives in order to help as many people as possible. If you are interested in learning more about how to get involved or to help with the programs offered at Bee Found, visit their website at beefoundstl.org/.

Spread Love This Season

While it may not be officially winter just yet, it is right around the corner. Some traditions might look different this year due to health concerns. Large family dinners, work holiday parties, and neighborhood events are all up in the air as we head into this time of year. We may not be able to gather like normal, but we can continue to make sure that our loved ones, neighbors, and those who may need an extra hand are getting the support they need. This is likely going to be a season that is tougher for some than others. Taking time to make a phone call to someone who could use the conversation, or making a video call with loved ones who you would normally see, will make a difference in their life and in yours. There are a million ways to let people know you are thinking about them and to spread some holiday cheer while also staying safe. Make the end of 2020 one to remember!

Putting you first made us #1.

No Snow - No Problem Snowman Contest

The Ballwin Parks and Recreation Department would like to challenge you to participate in the "No Snow - No Problem Snowman Contest." What is it and how does it work? Businesses, organizations, or families purchase the unique, 4ft x 3ft, wooden snowman from The Pointe at Ballwin Commons for \$30. Use your crafty side and paint and decorate your snowman into your work of art. All finished snowmen will be set up at The Pointe at Ballwin Commons by Monday, December 7 at 5:30 p.m., with judging taking place on Tuesday, December 8. The snowmen will be on display through Friday, December 25. *(continued on next page)*

Remove your snowman by Thursday, December 31 and let it decorate your own front yard for the season, it is yours to keep. The snowmen will be judged by a panel and prizes will be awarded for the following categories: Best Traditional Snowman and Most Creative. The Ballwin Parks and Recreation Department will take pictures and add them to our website. All entrants must purchase the Ballwin Parks snowman from The Pointe. All entries must be appropriate for public display. You may use accessories to add to your snowman. Any questions: please call Dan Eastham at 636-207-2357 or email at deastham@ballwin.mo.us.
