

City of Ballwin, Missouri  
Department of Parks and Recreation  
**RFQ Holloway Park Playground**

**ADDENDUM #2**

Firms submitting bids may disregard the information listed in the first paragraph. **“The project includes furnishing labor, equipment, materials, and service necessary for the installation of an accessible playground, *swingset in an existing playground footprint of approximately 5,700 square feet, 15’ x 40’ shade structure with form poured, light brush finish, 4” concrete slab with fiber mesh to include up to 6 inches of the compacted aggregate base up to 800 sqft.*”**

Firms may replace with:

*“The project includes furnishing labor, equipment, materials, and service necessary for the installation of an accessible playground and swingset in the existing playground footprint of approximately 5,700 square feet or **may exceed footprint by 1200 square feet (10 feet to the west by 120 feet north to south)**, 15’ x 40’ shade structure with form poured, light brush finish, 4” concrete slab with fiber mesh to include up to 6 inches of the compacted aggregate base up to 800 sqft.”*

This document should be signed and included in the firm’s RFQ document when submitted by the due date.

Questions with regard to this addendum should be directed to Chris Conway, Director of Parks and Recreation at 636-227-8950 or [cconway@ballwin.mo.us](mailto:cconway@ballwin.mo.us)
